

IMMS 2025

INTERNATIONAL METAL & METALLURGY SUMMIT

Theme - Smart Metallurgy:
Digital Transformation and Automation

28 February 2025

India International Centre, New Delhi

Organised by

ABOUT INDUSTRY

The Metal and Metallurgy industry is experiencing dynamic changes both globally and in India. Globally, the industry is witnessing a surge in demand driven by construction, automotive and renewable energy sectors, alongside challenges such as environmental regulations, energy consumption, and fluctuating commodity prices. There is a significant push towards sustainability, with innovations in recycling and carbon reduction technologies. In India, the sector is buoyed by government initiatives like "Make in India" and infrastructure development projects, making the country a key player in steel and aluminium production. However, the industry also faces hurdles like regulatory challenges and dependency on imported raw materials. Technological advancements in automation and energy efficiency are pivotal in shaping the industry's future, aligning with global trends towards more sustainable practices.

The mining and metal industry is positioned to experience tremendous growth in the coming years due to the government's on-going efforts to expand the sector and growing participation from the private sector. Domestic consumption has always been the key driver of growth for the Indian mining and metals industry. In the future, exports and domestic demand expansion are projected to play significant roles in the industry's expansion and its contribution to GDP growth.

ABOUT EVENT

International Metal & Metallurgy Summit (IMMS), the specialized event on Metal & Metallurgy with theme, "Smart Metallurgy: Digital Transformation and Automation", will bring together Industry Professionals, Researchers, and Stakeholders to discuss the latest advancements, trends, and challenges in the sectors. The event will feature Keynote Addresses from Industry Leaders, Technical Sessions, Panel Discussion, Workshops, and Product Exhibitions showcasing new technologies and innovations.

Appreciating the need for a platform to demonstrate the skills & challenges faced by the sector The Indian Institute of Metals (IIM) – Delhi Chapter is planning to organize the first of its kind – International Metal & Metallurgy Summit (IMMS) on 28 February 2025 at New Delhi. The Summit will be a comprehensive convergence of all the stakeholders and the key elements and actions related to Metal & Metallurgy. It will provide a premier inter-disciplinary platform for Industry Leaders, Researchers and Academia to present and discuss the most recent trends, innovations, and concerns as well as practical challenges encountered and solutions adopted in the Industry. It will serve as a platform for Networking, Knowledge Exchange, and Collaboration, enabling participants to stay updated on industry developments, discover new business opportunities, and foster partnerships.

The exhibition with a focus on the latest development in metal and metallurgical industry will be an excellent platform for the Indian and international companies to showcase their state-of-the-art products and services.

PARTICIPANTS PROFILE

CEO's / Decision Makers, Contractors & Consultants, Trade Delegations, Government / PSU Departments, Buyers & Sourcing personnel, Service Industry Providers, Technical Experts, Media-India & Overseas from the below focus industries.

- Aerospace & Defence
- Alloy manufacturers
- Automobile Industry
- Casting, Forgings and Foundry
- Component Manufacturers
- Consulting Service providers
- Contractors
- Electrical & Electronics Industry
- EPC Companies
- Fabricators
- Ferrous and Non-ferrous metal production plants and units
- Foundry Engineering Units
- Iron and Steel Production
- Material testing agencies
- Metal producing companies
- Mineral Development Corporation
- Mineral Processing Units
- MSME and Private companies
- Non-Ferrous Metals Production
- OEMs
- Power Transmission and Distribution
- Public Sector Enterprises
- Railways
- Rolling Mills
- Scientific Research & Development Institutions
- Sheet Metal Fabricators
- Sheet Metal Products, Components Manufacturers
- Shipbuilding and Ship Repair Industry
- State Government Departments & agencies
- Steel & Aluminium Construction
- Tube and Pipe Sector
- Water Supplier Sector

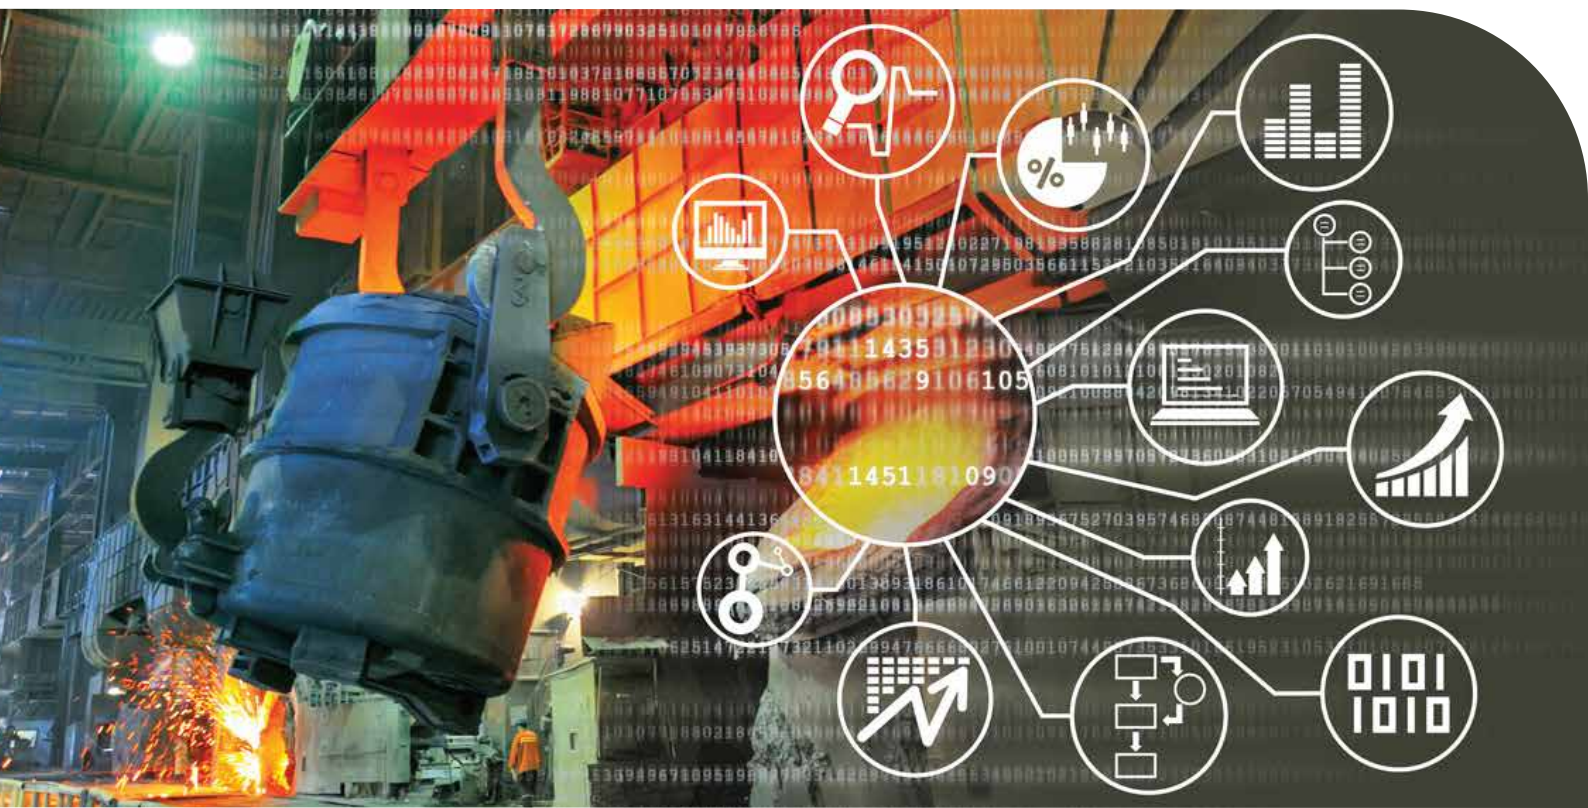

WHO SHOULD ATTEND

The attendees will include Leaders and Senior Officials of reputed companies from Metal, Mining, Materials, Minerals, Technology Providers and allied sectors across the globe.

WHY TO ATTEND

The Industry Professionals would get an opportunity to:

- Grow their network and gain a broader perspective of the industry.
- Reconnect with their peers in the industry.
- Expand the knowledge and skills while earning continuing education credits.
- Keep up with the regulatory and legislative issues.
- Find solutions to their company's greatest challenges.
- Catch up on the latest Technology, Products and Innovations.

PARTICIPATION OPTIONS

SPONSORSHIP

IMMS 2025 provides a unique opportunity for key decision-makers and significantly raises your positioning creating valuable impact before, during and after the event. The sponsorship gives your brand and company tremendous visibility in the Metal & Metallurgy Industry as well as among your peers. Various opportunities readily available and can also tailor-made, to suit your needs and budget.

Category	Amount	Complimentary Delegates	Complimentary Booth (in sqm)	Speaking Slot	Branding
EVENT PARTNER	10.0 Lakhs	15	6	2	Onsite & Digital Branding
PLATINUM PARTNER	5.0 Lakhs	10	4	1	
DIAMOND PARTNER	4.0 Lakhs	8	4	1	
GOLD PARTNER	3.0 Lakhs	6

THE INDIAN INSTITUTE OF METALS - DELHI CHAPTER: IIM was formed in 1945 to provide a professional body for metallurgists in India. The Institute has since grown to over 10,000 members and is recognized as one of the premier metallurgical organizations in the world. The organization was established to undertake key activities in the space of metallurgy in India. The Delhi Chapter of IIM (IIM DC) was founded in 1953 and holds an eminent status among all the IIM Chapters. This Chapter is organizing a number of technical events viz., lectures, seminars, workshops and technical talks on regular basis. The Chapter also organizes technical visits to plants located in and around NCR region.

DIIA EVENT SOLUTIONS is a leading Exhibition, Conference, and Event Management known for delivering exceptional Event experiences. With a proven track record and extensive industry expertise, we specialize in planning, organizing, and managing Exhibitions, Conferences, Trade Shows, and various Corporate Events. Our commitment to Excellence, Creativity, and Professionalism has established us as a trusted partner for businesses and organizations across diverse industries.
